INTERVIEW SUMMARY IN ACCORDANCE WITH 37 CFR 1.133Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On September 21, 2005 at approximately 9:00 AM MST an interview was conducted between Michael C. Martensen on behalf of Sun Microsystems, Inc., and Examiner Ted T. Vo of the USPTO via telephone. United States Patent Application No. 10/021,016, which is undergoing examination by Mr. Vo, was discussed. The interview discussed the merits of the Examiner's objection to the declaration under 37 CFR 1.56(a) instead of CFR 1.56. After discussing the nature of the limitations recited in paragraph 37 CFR 1.56(b-e) the objection to the inventor's declaration was deemed harmless. The Examiner agreed to withdraw the objection.

Prior art Kapczynski was discussed with respect to claims 1 and 21 in light of the recently submitted amendment and RCE. Specifically, the new limitation, "across user request boundaries" was discussed as it applies to Kapczynski. Examiner Vo agreed to reexamine the cited art to consider if the art does in fact

disclose the persistence of application data across user boundaries. The interview concluded at approximately 9:50 AM MST.

No fee is believed due for this submittal. However, any fee deficiency associated with this submittal may be charged to Deposit Account No. 50-1123.

Respectfully submitted,
